

# Top Fancy Shape

CUSTOM SYSTEM

Top Fancy Shape is a small downlight which can be distributed with complete freedom throughout the space by creating patterns and designs originating from a surface-mounted base.

Top Fancy Shape is the only light available on the market which allows for a full light installation to be created from a single light source for spaces in which concealed lights are impossible. The cable can be moved along the ceiling thanks to small pistons which create vertices in the shape of the cable. The layout of these points can be freely chosen and designed by the user.

MANDATORY FOR INSTALLATION

FANCY SHAPE BASE 2 700mA 1 to 2 Lamps

Top Fancy Shape achieves a subtle and minimalist aesthetic with pure lines which seemingly levitate delicately a few centimetres from the ceiling and which can be paired with cylindrical wall lamps. It is available with three different base sizes (depending on the number of units per base) and can be combined with pendant lights from Arkoslight's Fancy Shape collection.
