Interior Design Co., Ltd.

Design Title

Jubilee

Design Concept

The contoured metal door is ingeniously matched with glass, marble, and leather, which endows a new expression of the modern mix-and-match style for the space. As a result, simplicity is not merely simple, while elegance is not just feeble; it is both low-key and luxurious at the same time.

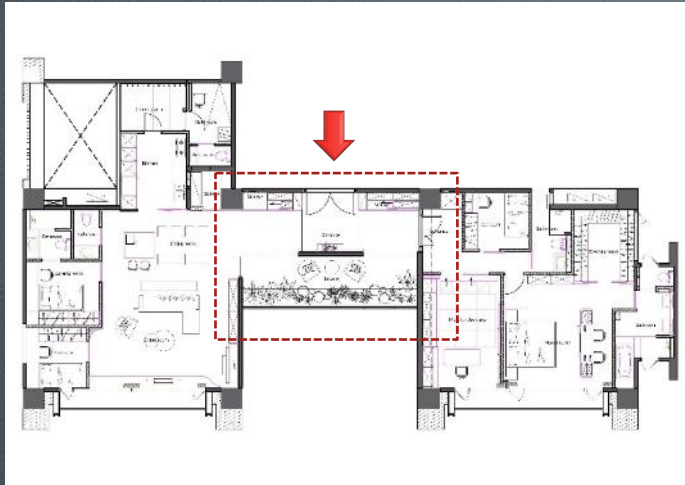

Materials

Natural marble/Imported ceramic tiles/Rose gold titanium plating/Engineered wood flooring/Natural wood-dyed veneer/Special iron pieces/ Imported leather/Frosted glass

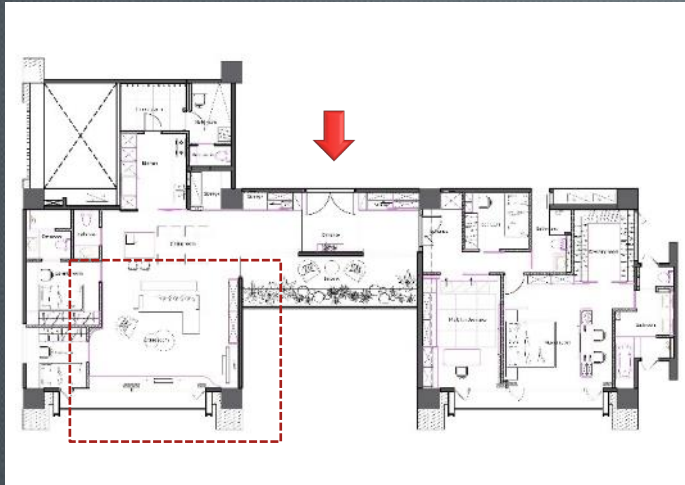

Characteristics

The linear profile of the metal design creates such an extraordinary and refined gentlemen's taste, while the introverted and hidden elements embrace the entire course of all events, displaying a grandiose and smooth life pattern.
