

**2023**

**A STAY CLEAN GO GREEN Design Initiatives  
By RIGHT GROUP MONIFILM for the Returning  
Workforce in the Post Pandemic Era.**

The unforeseen Covid Pandemic over the years had caused major disruption to our market and economy. But it is also these challenging times Right Group Monifilm started our [Stay Safe and Go Green] Design Initiatives and developed [Snap To Hide | Eco Flex], where we integrated 2 of our otherwise different product concept into a eco-friendly, innovative product for the returning work force of the post pandemic era.

**Snap To Hide**

**ecoFLEX**

**Go Green, Stay Clean & Be Stealthy in a SNAP!**

**First Magnetic Privacy Screen Protector in the market using Bio Degradable Triacetate Cellulose (TAC) as core material to lower PET usage and Reduce 80% Carbon Emission in a “Snap to Hide” Design for Fast & Easy Screen Privacy Protection. Comes in a mere 0.32mm Ultra Slim Full Flat Unibody Design that fit seamlessly on device with Cutting Edge Features like Anti Bacteria, Anti Blue Lights, Anti-Reflections Anti-Glare, Anti Smudge for clean, safe and comfortable prolonged viewing pleasures.**
