

The Design Vision of
RUBY | XSpira

**The World First IPX66
WATERPROOF COAXIAL
WALL MOUNT SPEAKERS**

Impeccable Audio Performance with Smart Aesthetic Design

RUBY XSpira | Design Vision

We started our RUBY Series in response to a new design trend for installation speakers market where Beauty, Durability, Performance and User Friendliness come as ONE CORE CONCEPT right from the initial stage of the product design.

The name Ruby was considered the stone of love, energy and a zest for life. It represents our passionate pursuit of Sound Purity in our audio products

Our 2nd Design from RUBY Series, RUBY XSpira is by far the most ambitious design initiatives from Anaccord with some very different innovations that can our Redefine a new way designing installations speakers.

RUBY XSpira | Design Vision

OBE RADIATOR
Optimal Bass Enhancement

SPIRAL SONIC KNOT
A SSW (Spiral Sound Waves) Enhancer

Wide Arc Front
For Wide Angle Audio Reach

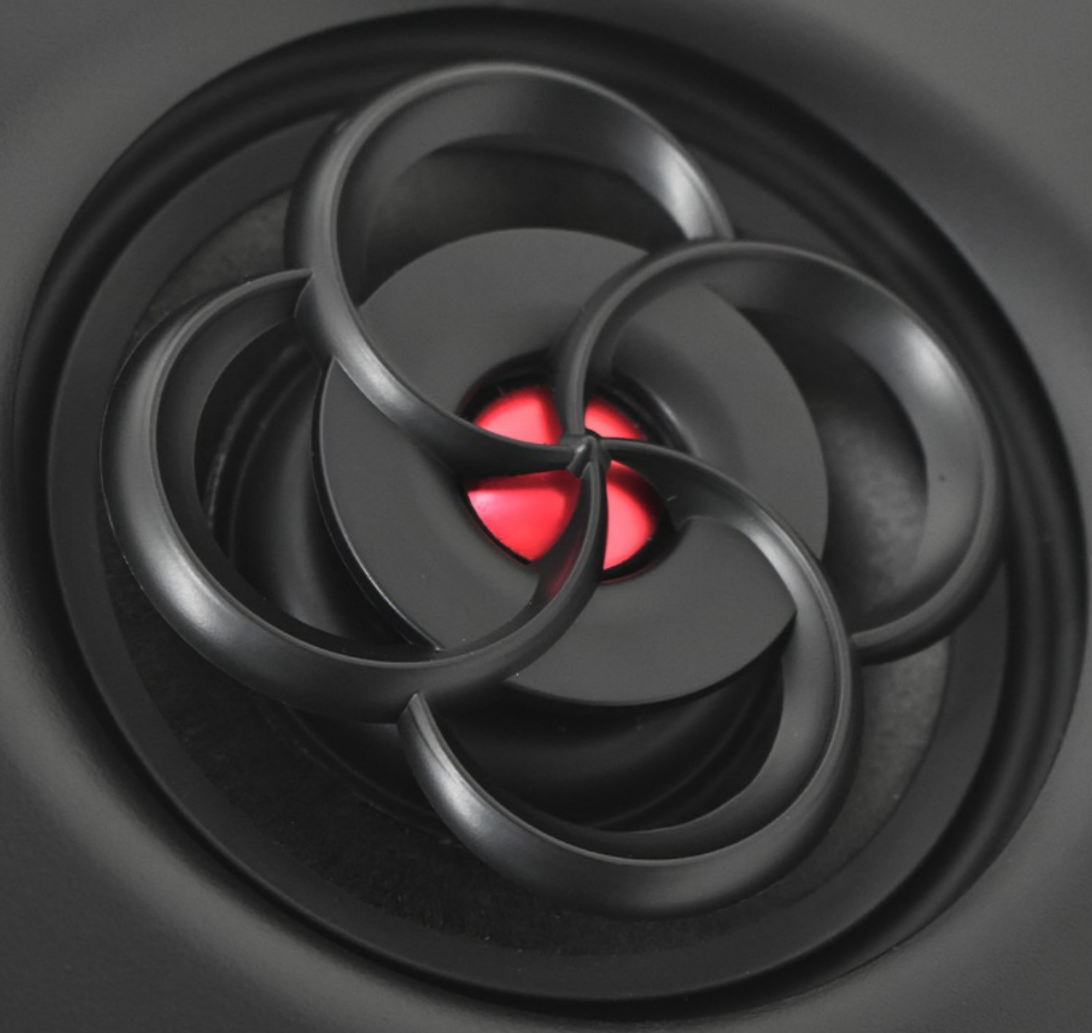

Exclusive Anaccord's Cutting Edge Innovation
SONIC OPTIMIZATION DESIGN

DEEP CLEAR BASS **POWER with LESS Resources**

A State-of-the Art Bass Radiator Design using Anacord's Exclusive Optimal BASS Enhancement (OBE) Technology that will deliver an outstanding deep and clear bass audio experience even without any extra subwoofer support

Exclusive OBE Technology
Optimal Bass Enhancement Technology

SPIRAL SONIC KNOT

A SSW (Spiral Sound Waves) Enhancer

This iconic Spiral Sonic Knots on the front of RUBY XSpira that resembles the shape of the Celtic Five-Fold Symbol is not only eye pleasing, when work together with the vertical wide arc on the front housing, it can deliver a wide angle of 62° vertical and 78° horizontal audio reach (normally 30° to 45°).

Wide Arc Front Design

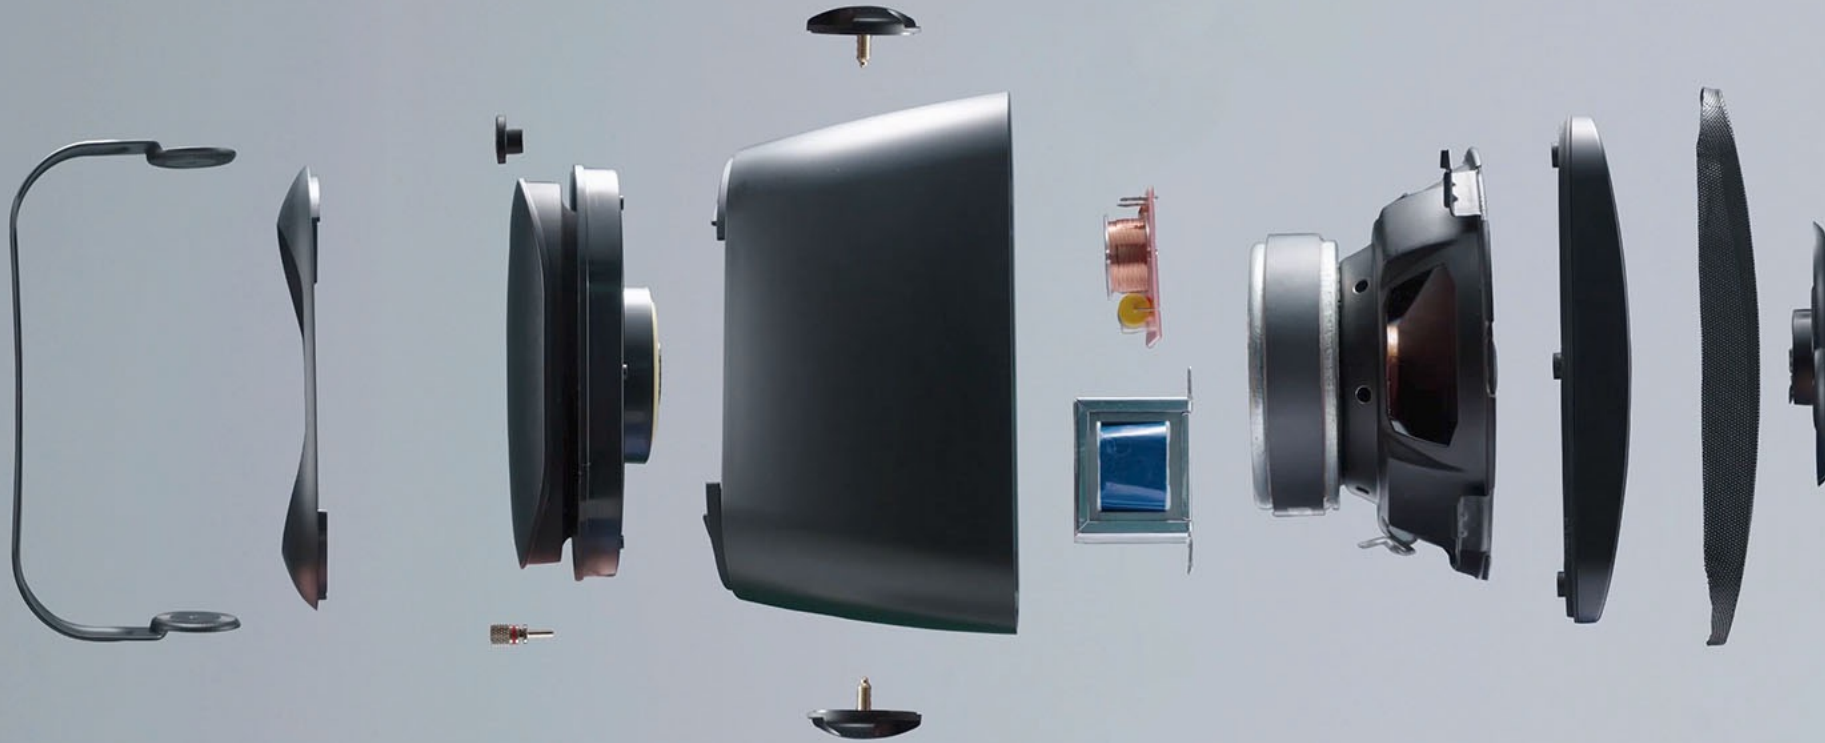

Coaxial Audio Speakers Design

First Wall Mount Speaker with 2 Way COAXIAL Speakers

Instead of the usual placement of speaker and tweeter separately, RUBY XSpira is the very first Wall Mount Speaker in the market that uses a 2 Way Coaxial Speaker where the speaker and tweeter is in one coaxial alignment. This design approach not only helps deliver superb audio performance, but save space and give the speaker cleaner sleeker look and feel.

RUBY XSpira | Design Vision

Built to Last Quality

World Class Design and Production using
Premium Material, Parts and Components

As a Designer's Wall Mount Speakers, every material, parts and component used in RUBY XSpira from the premium housing material with the perfect tensile strength, every audio components, wiring to Ultra Strong STEALTH Speaker Mount are all of the highest quality standards.

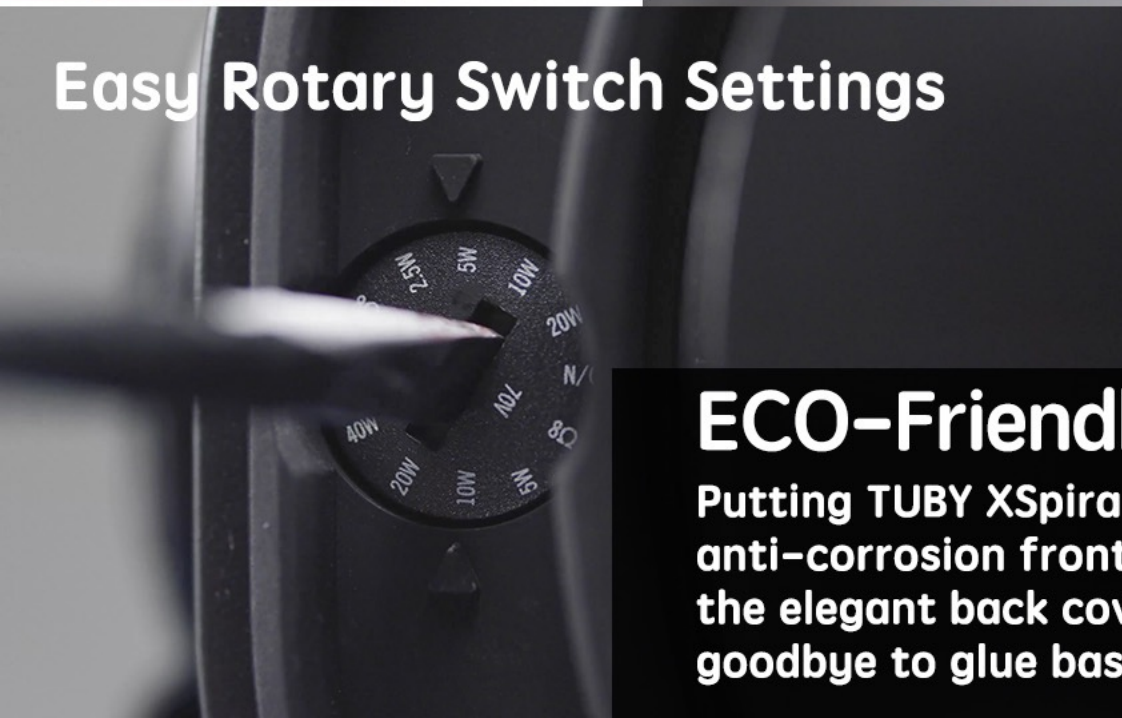

Secure & Robust Cable Wiring

Ultra Secure Mount with Easy Angle Adjustments

Easy Rotary Switch Settings

ECO-Friendly Hassle Free SNAP ON Design

Putting TUBY XSpira together is super easy, because every necessary parts, the anti-corrosion front grill, secure cable wiring, easy rotary switch settings, even the elegant back covers all comes with a hassle free “Snap On” design. You can say goodbye to glue based assembly.

Seamless SNAP ON Rear Cover

Aesthetic Design Beauty with Functionality

The Unique Rear Covers not only cover the Euroblock Connector and Bypass Selector (PA Transformer) on the rear, it also merged seamlessly with the OBE Bass Radiator giving the overall a clean streamlined look like a premium piece of modern art decorations.

Versatile Experience and Scenarios

With a IPX66 certified waterproof feature, RUBY XSpira is build with great versatility for all kind of scenarios. It can be used as a Desktop or Wall Mount Speakers, for both indoors and outdoors.
