

ORLANDO COLLECTION

The Ottoman can easily be transformed into a 1seater simply by adding a backrest.

When the teak top is placed on top of the ottoman base, you can create a coffee table.

Backrest frame can be positioned all along the backside, the frontside and on both sides of the base frame!

The armrest can be positioned at both ends of the base!

ORLANDO COLLECTION

Orlando is a new outdoor sofa concept that is all about modularity with attention to details, design and materials. Each 3 seater base comes with 3 backrests, 3 backrest cushions and a seat cushion. The backrests can be positioned anywhere along the back, front or on either side of the base. The base can be used as a sun lounger, as a 3 seater sofa or it can be combined with a second base to create a corner lounge set. A teak top can be positioned anywhere on top of the base to create a handy table surface.
