

## **AURORA-7 CARBON BADMINTON RACKET**

Aurora-7 badminton racket applies high-modulus graphite materials to be lightweight and robust. It takes an aurora-inspired color scheme to be more brilliant and eye-pleasing.

# HIGH RIGID GRAPHITE

The racket frame and shaft utilize high rigid graphite to secure exceptional rigidity and resilience, enabling the racket to bear a maximum tension of 30 pounds without being deformed.

High Modulus Graphite

Suggested tension 18-30

Nano technology

Lighter and stronger

# AEROFOIL FRAME

The frame features an aerofoil-like structure, which can reduce air resistance to enhance the swing speed.

The Kawasaki logo, featuring the word "kawasaki" in a white, lowercase, sans-serif font with a registered trademark symbol, set against a blue and green gradient background.

kawasaki®

# ACCURATE COUNTERWEIGHT SYSTEM

The racket head adopts an accurate counterweight system for the even distribution of carbon fiber, thus helping improve the explosive hitting power.

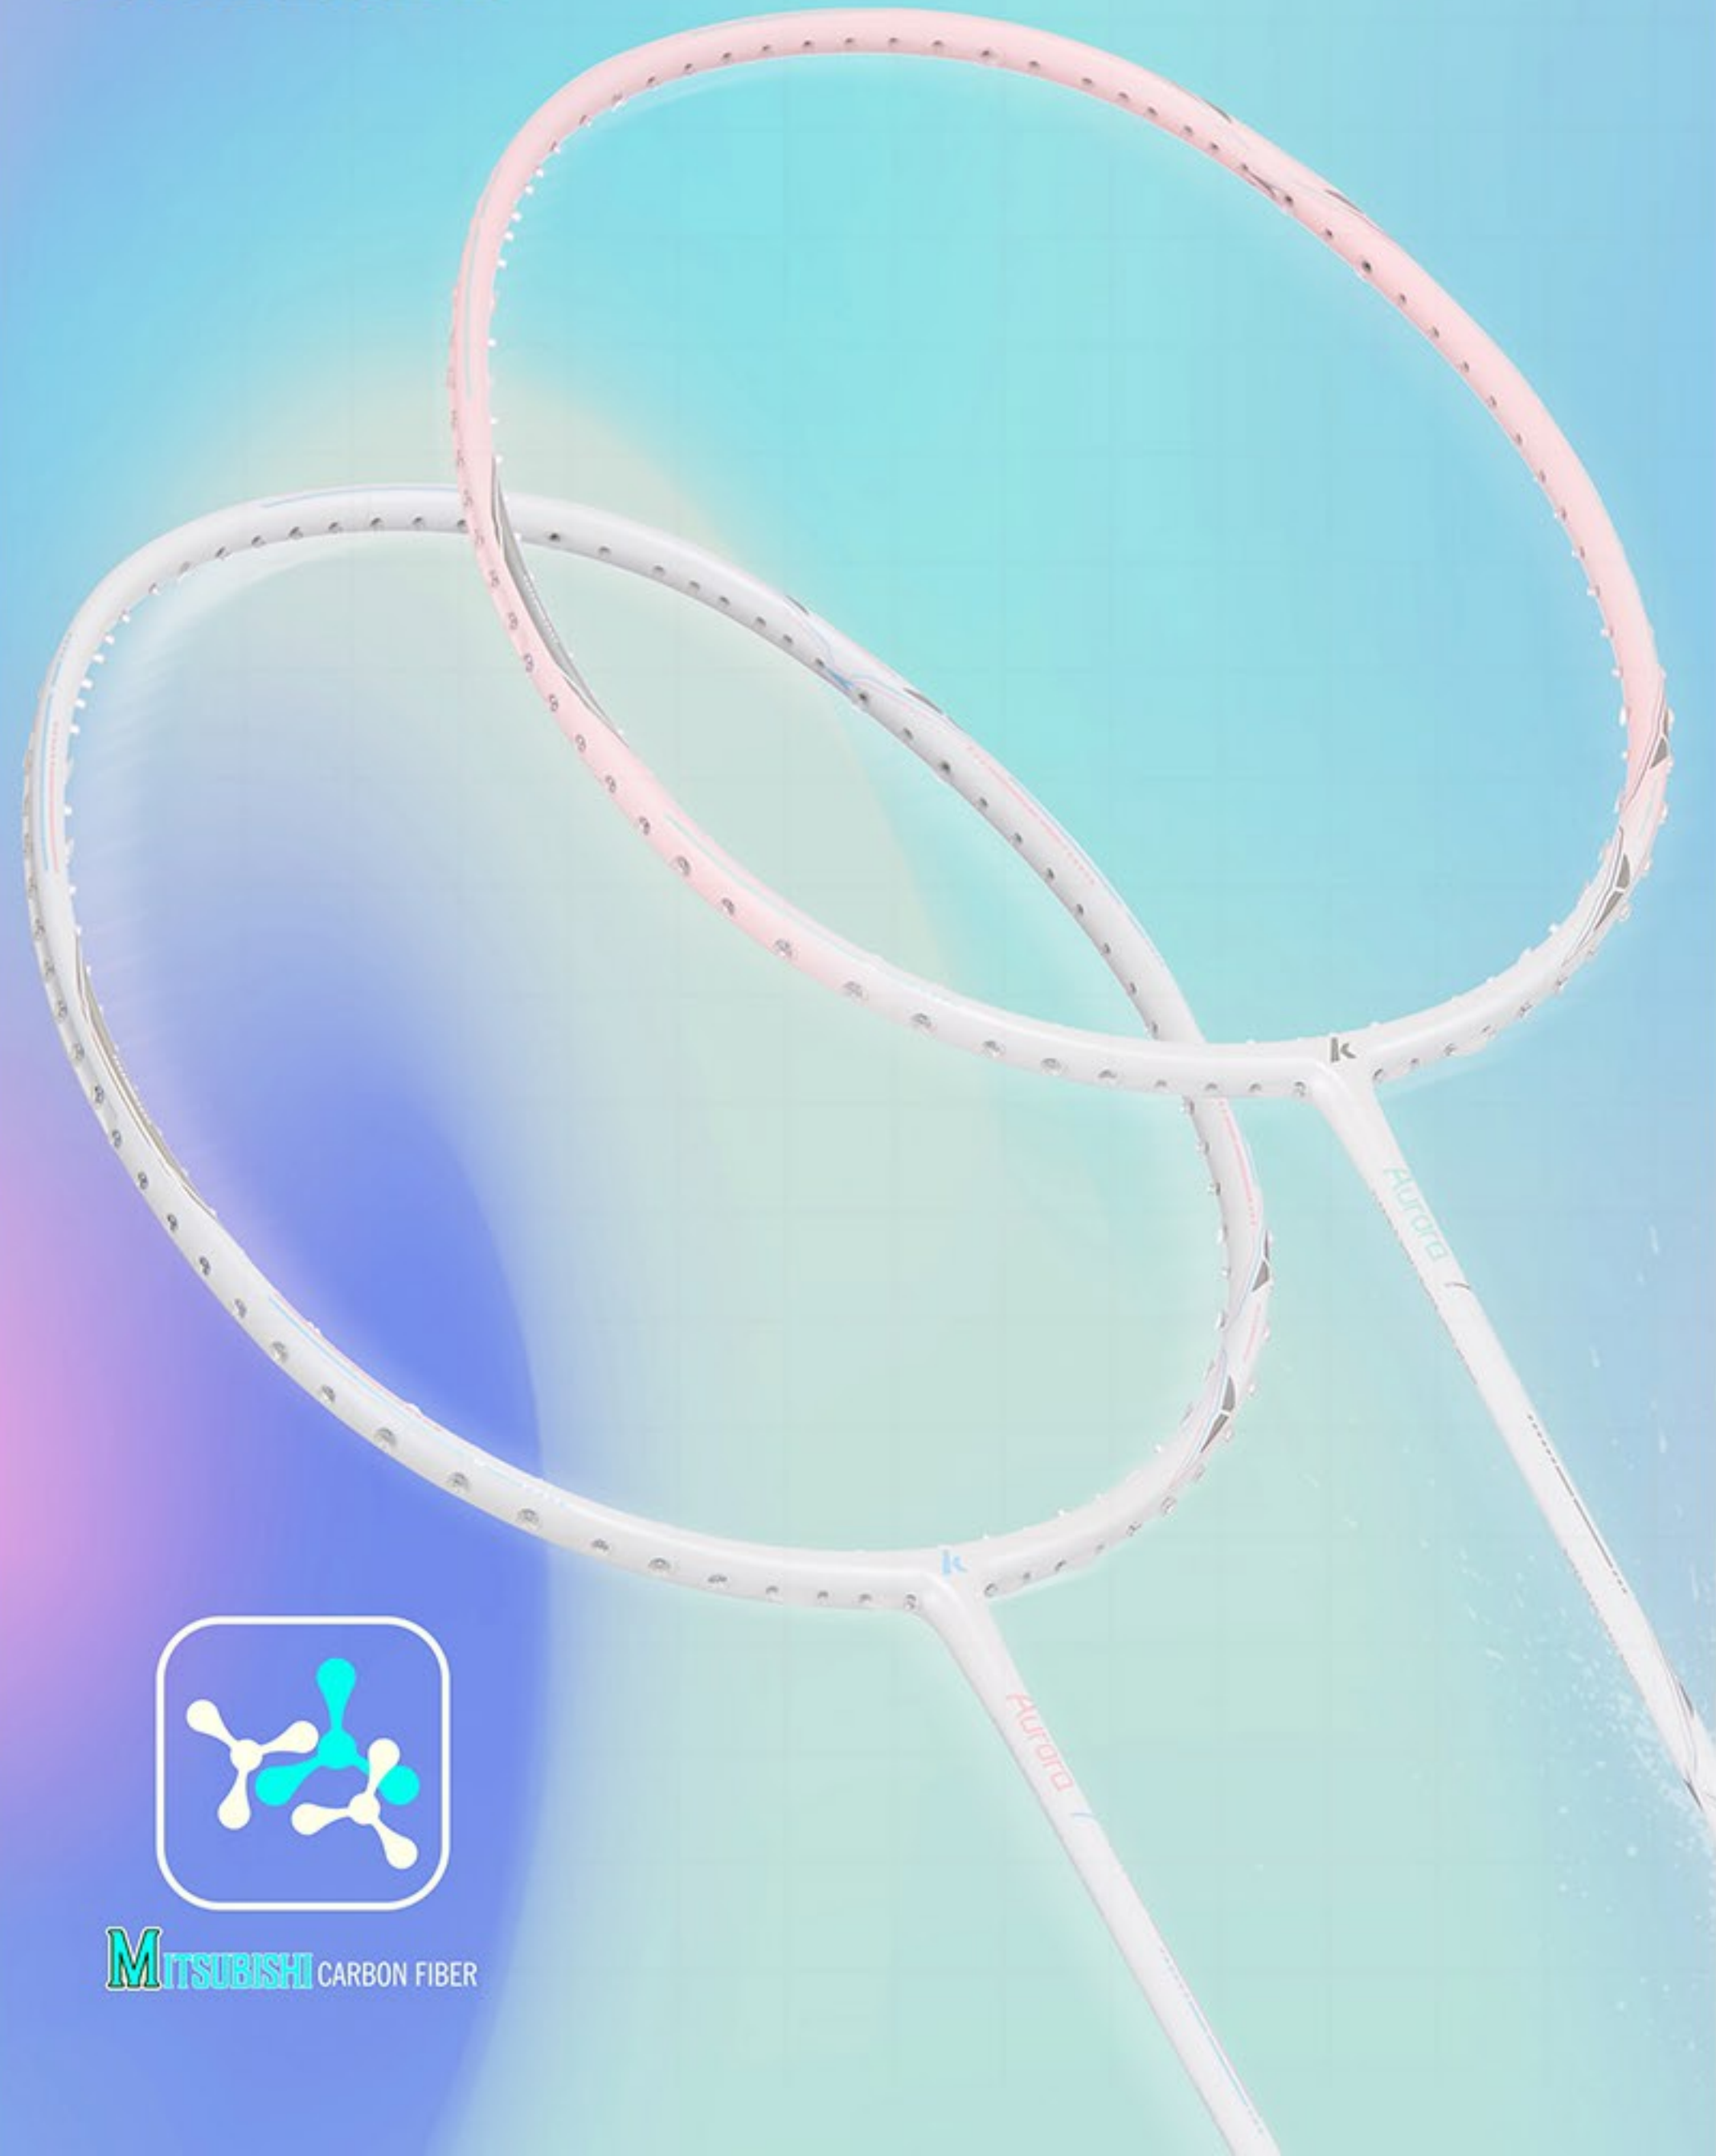

AC counterweight

# AURORA-INSPIRED BRILLIANT COLORS

Inspired by an aurora, this badminton racket takes a dreamy and brilliant color scheme to be vibrant and eye-pleasing.
