Experience Journeys

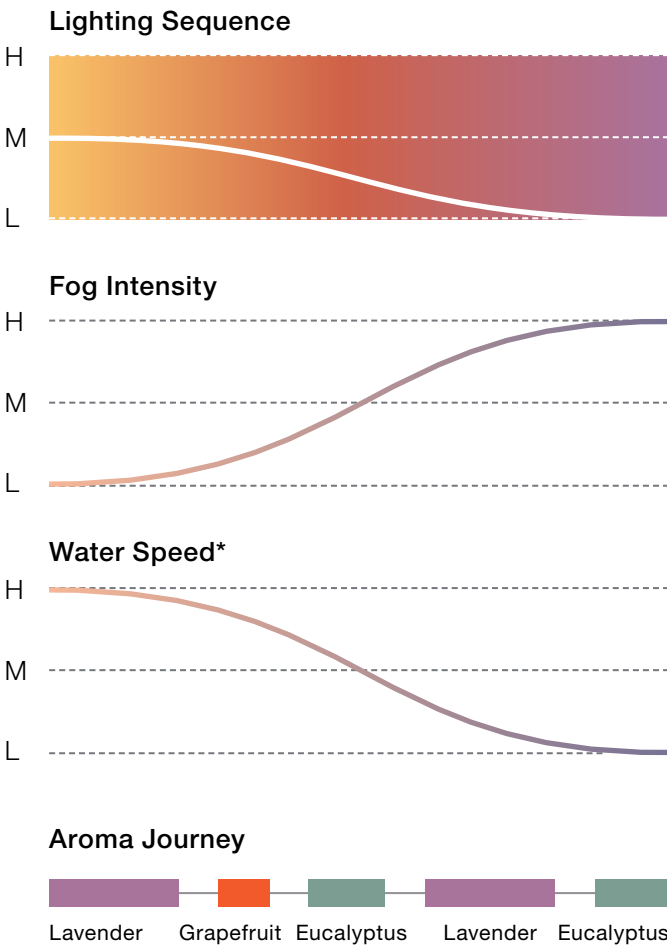

Both the Stillness® Infinity and Stillness Experience freestanding bath offer preset Experience Journeys to promote a sense of overall well-being. The journeys take their inspiration from the senses invoked by the beauty of natural surroundings, like sunrise on the sea and a walk through the forest.

Each journey allows you to orchestrate specific sequences of light, fog, and aromas to completely immerse the senses and quiet the mind. Add your favorite aromas to enhance the experience, or go with the essential oils recommended in the Kohler® Konnect app. Discover each journey and uncover a soothing and immersive experience for the mind, body, and spirit.
