

S7S Open-Ear OWS

- The S7S is a clip-on earphone designed with open audio technology, featuring an ergonomic ear-hook design that ensures a snug fit and stability, making it resistant to falling off.
- Inspired by the smooth, organic shape of pebble art, its lightweight, breathable design enhances comfort and stability.
- Weighing just 8 grams, the earphones are evenly balanced, providing a 360-degree comfortable wear experience.

Earclip Design & Surround Sound Innovation

The headphones feature a 10mm professional driver, delivering pure sound through compact, meticulous design.

They feature 20Hz ultra-low frequency compensation for powerful, detailed sound.

The Sanag S7S features APE technology and Flash Link Bluetooth technology to enhance sound and connectivity for an ideal audio experience.

Extended Battery Life

-The Sanag S7S offers IP4 dust and water resistance, protecting against sweat, rain, and dust. It provides up to 8 hours of playback on a single charge and 48 additional hours with the charging case. One-touch control ensures easy track switching and call handling for a seamless experience.

-The charging case adopts an ergonomic triangular outline design, allowing easy access to the one-touch clear button on the side for enhanced convenience and functionality.

AI-Powered Innovative Earclip Design

This Smart AI headset enhances work, study, and entertainment, including a built-in meeting assistant, 98% accurate audio-to-text conversion, and 7-meter audio pickup.

It supports translation in 7 languages and 6 dialects, with offline translation abroad, and features multi-area gesture control for activating the voice assistant.

The Innovative Combination of Sound Quality and Comfortable Wear

Combined with CVC noise cancellation and a dual-microphone array, it optimizes sound quality and filters out noise.

The touch control, 0.5mm extended C-bridge memory wire, and SFEARS fitting technology combine to offer a comfortable wearing experience.

Nature-Inspired Design with Sustainable Aesthetics

- The S7S captures the harmony of nature through dreamy color gradients, symbolizing the changing seasons and evoking an emotional connection with the user.
- The charging case, inspired by the natural form of pebbles, features a metallic pearlcoating that contrasts with the earphones' main color, creating visual depth and impact.
- The design blends tactile and visual elements, balancing aesthetics with sustainability and durability for a lasting, premium experience.
