

About Aptiv

ENABLING NEW MOBILITY SOLUTIONS

We believe that mobility has the power to change the world and Aptiv has the power to change mobility.

Who We Are

ADDRESSING MOBILITY'S TOUGHEST CHALLENGES

Aptiv is a global technology company that designs, develops and manufactures software and hardware solutions to enable a safer, greener and more connected future of mobility. Our solutions help automotive OEMs around the world to create vehicles with advanced safety features, electrified architectures and intelligent connectivity.

Driving the Future of Mobility

We're transforming the way we live, work and get from point A to point B.

01:03

Our Mission

SAFE. GREEN. CONNECTED

We envision a world with zero fatalities, zero injuries, zero accidents – and zero emissions. A world where software and cloud connectivity enable vehicles to gain new features every day. With solutions developed sustainably, in a global culture that adheres to a core set of values.

Our Journey

KEY MILESTONES

It all started with a belief in the power of new mobility – safer, greener and more connected. Then we set ourselves on a path to deliver the software capabilities, advanced computing platforms and networking architecture to bring our vision to life.
