PROFILE

I am an Industrial designer- Product designer. A jury member of A' Design Award and Competition, London International Creative Competition (LICC) and European Product Design Award (ePDA). I am also an amateur astronomer. Astronomy has always been a source of inspiration for me. I try to preserve this identity forever in the products that I design. I believe to good design and I define it in purity, simplicity and emotional design by usability and aesthetics.

EDUCATION

- **BA in Industrial Design**
I. Art University, Tabriz | Graduated - 2018

WORK

- **Arena Design Studio**
Head of Design | Since 2014 - Present
I manage design projects and designers and also I design product and concepts at Arena Design Studio.
